(Estd. 1957)

INDIAN INSTITUTION OF INDUSTRIAL ENGINEERING (IIIE)

69 Years of Glorious Service to the Nation

ANNOUNCES

The 26th CEOs CONFERENCE

01st to 03rd May 2026

Venue

TAJ CIDADE DE GOA HERITAGE, GOA

Theme

Reskilling of Industry 5.0 : The New Competencies for Industrial Engineers

ABOUT IIIE

The **Indian Institution of Industrial Engineering (IIIE),** a national-level professional body with a proud legacy of 69 years, is dedicated to the advancement of Industrial Engineering education, as well as the scientific knowledge and practical application of such knowledge for systemic improvements at both macro and micro levels in industry, business, government, academia, and society at large. Every year, IIIE organizes two flagship events : the CEOs Conference and the National Convention.

The CEOs Conference brings together leaders from diverse industries across India to deliberate on issues of national importance for evolving strategies for the country's development. The National Convention, held annually in different regions of the country, focuses on themes of current relevance and urgency to the industry, particularly addressing matters of importance to the Industrial Engineering profession. It serves as a platform for exchanging technological ideas and managerial practices.

IIIE is honoured to count many eminent personalities from industry, academia, and government among its members. The Institution also promotes organizational and professional excellence by recognizing the achievements and contributions of individuals and organizations through its Honours and Awards.

In addition, IIIE conducts Graduateship Examination twice a year, which is recognized by the Government of India, several universities, and industries as equivalent to a Bachelor's Degree in Industrial Engineering.

The Institution is currently led by **Shri Rahul Sahai, Chief Executive Officer of Kirloskar Oil Engines Ltd.**, serving as its **President**, while **Dr. A V V Prasada Raju**, as **Chairman** of the National Council, guides the academic and developmental activities of IIIE.

Shri Rahul Sahai
Chief Executive Officer
Kirloskar Oil Engines Ltd.
& President, IIIE

Dr. A V V Prasada Raju
Chairman
National Council, IIIE

2024	Mussoorie	Building Resilience: Adapting to Rapidly Changing Global Markets
2025	Shillong	Innovation in Industrial Engineering for a Sustainable future : A paradigm in Excellence

THEME

Reskilling of Industry 5.0 : The New Competencies for Industrial Engineers

The global industrial landscape is undergoing a fundamental transformation with the emergence of **Industry 5.0**, a paradigm that goes beyond automation and efficiency to emphasize **human-centricity, sustainability, and resilience.** While Industry 4.0 focused on digitalization, cyber-physical systems, and smart factories, Industry 5.0 reintroduces humans as key contributors alongside advanced technologies. This shift demands significant **reskilling**, particularly for **industrial engineers,** who play a critical role in designing, optimizing, and managing complex industrial systems.

GOA

Goa a tiny emerald land on the west coast of India, the 25th State in the Union States of India, was liberated from Portuguese rule in 1961. It was part of Union Territory of Goa, Daman & Diu, till 30th May 1987 when it was carved out to form a separate state.

Goa emerged as a major destination for international and domestic tourists after 1498, when Portuguese Navigator Vasco De Gama sailed down the Malabar Coast. Goa is located on the western coast of India between the seas and lush green-forested hills. It is popularly known as "Rome of the East", "Tourist Paradise" and "Pearl of the Orient". The state includes a gamut of irresistible tourist's attractions in the form of scenic charm, beckoning coconut palms, mesmerizing sunset, majestic churches, flourishing temples, wonderful beaches, glistening sands, cultural festivals, and the mouth watering cuisine.

Goa goes much beyond the sensuous beaches and natural beauty. Many religious and cultural aspects are linked to the state that reminds of the legacy of human history. It also has a number of beautiful historical forts that the Portuguese rulers left behind.

Goa is best known for its beaches and most tourist attractions are centred around four towns namely Panaji, Madgaon, Vasco and Ponda. The weather is quite pleasant throughout the year.

VENUE

Taj Cidade De Goa Heritage

Vainguinim Beach, Dona Paula, Panaji, Goa - 403004

(Dabolim International Airport (South Goa) is 26 km away, a 45-minute taxi ride. Manohar International Airport (North Goa) is 41 km away, a 1-hour taxi journey)
